## Waterproofing

Pre-Applied Waterproofing		
Category	Products	
Pre-Applied Waterproofing Membranes	MiraWELD H / V MiraPLY H / V Blueskin PreSeal 435 Blueskin PreSeal 320	MiraCLAY MiraCLAY GM MiraCLAY EF
Pre-Applied Accessories	MiraPLY Detail Tape MiraPLY Seam Tape Blueskin PreSeal 120V Tape Blueskin PreSeal 50S Tape Tie-Back Covers 6" & 9"	MiraWELD Detail Strip MiraWELD Inside Corner MiraWELD Outside Corner MiraCLAY Granules MiraCLAY Sealant
Fluid-Applied Waterproofing		
Advanced Waterproofing	Prodeq System Pumadeq System	Dundeq System
Cold-Fluid Waterproofing	MiraSEAL CM100	Aqua-Bloc WB, SB, 2P Liquiseal
Hot Rubberized Asphalt		
Hot Rubberized Asphalt	790-11	790-11 EV
Hot Rubberized Asphalt Primers	930-18	910-01
Reinforcement	Henry Polyester Fabric	
Protection Course	Henry G100S/S Protection Board HS	990-31
Flashings	Pumadeq 31MV 990-25	Neoprene Flashing
Sheet Applied Waterproofing		
Sheet Applied Membranes	WP200 MiraDRI 860/861	711-70 711-90
Protection Course	200V	300HV
Waterstops		
Swellable Waterstops	MiraSTOP BW MiraSTOP NBW	MiraSTOP SS
Non-Swellable Waterstops	Synko-Flex	
Injectable Waterstops	MiraSTOP IW MiraSTOP CG-F	MiraSTOP CG-HS
Waterstop Accessory	MiraSTOP PF

# Combined Product Line List

## Waterproofing *(continued)*

Drainage Composites			
Category	Products		
Drainage Composite	MiraDRAIN 2000 MiraDRAIN 6000 MiraDRAIN 6000XL	MiraDRAIN 6200 MiraDRAIN 6200XL MiraDRAIN 9000	MiraDRAIN 9800 MiraDRAIN 9900
Waterproofing Accessories			
Waterproofing Accessories	EJ 500 / 100 EJ 500 / 240	EJ 500 / 40 EJ 500 / 20	RootBloc 20 Filter Fabric

All products in this table will be offered by Henry under the company's standard terms and conditions.

## Membrane Air Barriers

Sheet Membranes		
Category	Description	Products
Standard, Non-Permeable, Self-Adhered	40 mil. SBS Mod Asphalt + Poly Facer	Blueskin SA Blueskin SA LT CCW-705 CCW-705 XLT
High Service Temp, Non-Permeable, Self-Adhered	40 mil. Hi-temp SBS Mod Asphalt + Poly Facer	CCW-705 HT
Roof System Air/Vapor Barrier, Non-Permeable, Self-Adhered	40 mil. SBS Mod Asphalt + Poly Facer	Vapor-Bloc SA (Canada)
Burn and UV Resistant, Non-Permeable, Self-Adhered	40 mil. SBS Mod Asphalt + Aluminum composite facer	Metal Clad 705FR Metal Clad 705FR LT
Vapor Permeable, Self-Adhered	23 mil. Engineered fabric with synthetic polymer adhesive	Blueskin VP160
UV Resistant, Blackout, Vapor Permeable	28 mil. Black engineered fabric	705RS
Fluid-Applied Membranes		
Non-Permeable	Waterborne synthetic polymer. Spray, roller or brush application	Air-Bloc 16MR Barritech NP Barritech NP LT
Vapor Permeable	Waterborne synthetic polymer. Spray, roller or brush application	Air-Bloc 17MR Barritech VP
Vapor Permeable, UV Resistant, Quick wash-off resistance	High solids moisture-cure STPE Spray, roller or brush application	Air-Bloc All Weather STPE
Non-Permeable & Insulation Adhesive	Solvent-based synthetic rubber. Trowel-applied.	Air-Bloc 21 Air-Bloc 21FR
Non-Permeable, Quick set	Polymer modified asphalt emulsion. Roller, brush or spray. Optional Barricure co-spray for instant set.	Barriseal

All products in this table will be offered by Henry under the company's standard terms and conditions. Metal Clad 705FR/ LT is a re-brand of Blueskin Metal Clad/ LT and Fire Resist 705FR-A/XLT. The re-branded product will be offered to replace the predecessors by 9/1/24. Barrithane VP has been discontinued. Fire Resist 705VP will be discontinued by 4/30/24. Air-Bloc 33MR is on make to order status and will be discontinued by 9/1/24.

# Combined Product Line List

## Flexible Flashings for Henry Air Barrier Systems

Window, Door, Detail Flashings		
Category	Description	Products
STD Self Adhered	35 mil, SBS Mod Asphalt + Poly Facer	Blueskin Weather Barrier (Canada)
High-Strength Facer, Self-Adhered	40 mil. SBS Mod Asphalt + Poly Facer	Blueskin SA Blueskin SA LT CCW-705 CCW-705 XLT
Burn and UV Resistant, Self-Adhered	40 mil. SBS Mod Asphalt + Aluminum composite facer	Metal Clad 705FR* Metal Clad 705FR LT*
Vapor-Permeable, Self-Adhered	23 mil. Engineered fabric with synthetic polymer adhesive	Blueskin VP160
Primerless, Non-Asphalt, Self-Adhered	19 mil. Butyl adhesive + Poly Facer	Blueskin Butyl Flash
Liquid Flashing, Trowel-Applied	Moisture-cure STPE. Non slump grade, trowelable.	Air-Bloc LF Barribond HP
Liquid Flashing, Roller/Brush/Spray Applied	Moisture-cure STPE. Viscosity for roller, brush and spray.	Air-Bloc All Weather STPE
Embedded Reinforcement	Chopped glass mat with soluble binder. Embed in liquid membrane.	Liquifiber
Mesh Tape	Yellow resin-coated fiber glass adhered mesh tape. Cover with liquid membrane	Henry 183
Through-Wall Flashings		
Self-Adhered	40 mil. SBS Mod Asphalt + Poly Facer	Blueskin TWF
Self-Adhered, 8-mil film spec	40 mil. SBS Mod Asphalt + 8-mil Poly Facer	CCW-705 TWF
EPDM	45 mil non-reinforced EPDM with talc factory-cleaned	Pre-Kleened EPDM TWF
Mechanically Fastened Termination Bar	Aluminum termination bar with membrane-grab backing and pre-punched holes	SURE-SEAL Termination Bar
Specialty		
Pressure Sensitive EPDM	90 mil. Cured EPDM coated with pressure sensitive adhesive	SURE-SEAL Clean Cured Cover Strip
Pressure-Sensitive Conformable EPDM	90 mil. Un-cured EPDM coated with pressure sensitive adhesive	SURE-SEAL Pressure Sensitive Elastoform
Double-Sided Splice Tape	3" width, 30mil pressure sensitive tape	SURE-SEAL SecurTAPE

All products in this table will be offered by Henry under the company's standard terms and conditions. Metal Clad 705FR/ LT is a re-brand of Blueskin Metal Clad/ LT and Fire Resist 705FR-A/XLT. The re-branded product will be offered to replace the predecessors by 9/1/24. CCW-705TWF XLT has been discontinued. Henry will not be offering AlumaGRIP-701, Foil-GRIP 1402 or BRT-801 tapes. These are offered through Carlisle's HVAC group. Contact Technical Services for Henry substitutes. Henry will no longer be offering these Carlisle roofing flashings: Pipe Flashings, P/S Inside/Outside Corners.

# Combined Product Line List

## Adhesives/Primers for Henry Air Barrier and Waterproofing Systems

Category	Description	Products
STD solvent-based	Contact adhesive for bonding self-adhered membranes	Blueskin Adhesive CCW-702
VOC Compliant Solvent Based	Contact adhesive for bonding self-adhered membranes	Blueskin LVC Adhesive CCW-702 LV
Solvent-based, green concrete	Contact adhesive for bonding self-adhered membranes	CCW-715
Solvent-based, ICF and Polystyrene	Contact adhesive for bonding self-adhered membranes	Hi-Tac Primer (Canada)
Aerosol Spray from Pressurized Tank	#40 Cylinder filled with 30-lb adhesive. Cylinder, hose and gun.	Blueskin LVC Spray Primer CAV GRIP
Aerosol Spray from Cans	Portable aerosol cans filled with adhesive	Blueskin Spray Prep
Water-Based Primer	Surface prep for bonding self-adhered membranes	Aquatac Primer CCW-702WB
Water-Based Concrete Primer	Surface prep for waterproofing membranes on concrete	CCW AWP
EPDM Primer	VOC compliant solvent-based primer for EPDM flashing splices and junctions	Low VOC Primer
EPDM Bonding Adhesive	VOC compliant solvent-based adhesive for bonding EPDM flashings to substrates	Low VOC Bonding Adhesive 1168

All products in this table will be offered by Henry under the company's standard terms and conditions. These EPDM adhesive/primers will longer be sold through the Henry sales channel: 90-8-30A Bonding Adhesive, Low VOC Bonding Adhesive, HP-250 Primer, EP-95 Splicing Cement.

## Polyiso Wall Insulation

Category	Description	Products
STD Foil-faced	Tri-laminate foil facers laminated to Class B foam. Available 20 psi and 25 psi.	R2+ SILVER
STD Coated Glass Faced	Coated glass facers, black one side white other side. Laminated to Class B foam. Available 20 psi and 25 psi.	R2+ MATTE
CL-A Coated Glass Faced	Coated glass facers, black one side white other side. Laminated to Class A foam, 25 psi.	R2+ MATTE (Class A)
Sheathing & WRB, Foil Faced	Glass-backed reinforced foil facers laminated to Class A foam. Available 20psi or 25psi	R2+ SHEATHE
STD Insulated Fastener Base	5/8" or 3/4" fire-treated plywood factory laminated to R2+ MATTE	R2+ BASE
CL-A Insulated Fastener Base	5/8" or 3/4" fire-treated plywood factory laminated to R2+ MATTE (Class A)	R2+ BASE (Class A)

All products in this table will be offered by Henry under the company's standard terms and conditions. Henry will not be offering AlumaGRIP-701, Foil-GRIP 1402 or BRT-801 tapes. These are offered through Carlisle's HVAC group. Contact Technical Services for Henry substitutes.

# Combined Product Line List

## Air Barrier and Waterproofing Systems Sealants, Mastics and Caulks

Chemical-Cure. Elastomeric Sealants		
Category	Description	Products
1-part, non-sag	Moisture-cure STPE. Sausage or cartridge packaging	Air-Bloc LF Barribond HP 925 BES MoISTOP Sealant
2-part, non-sag	2-part kit. Mix in pail.	CCW-201
2-part, pourable	2-part kit. Mix in pail.	CCW-703V
Solvent-Release. Mastics and Caulking		
Solvent-based asphalt	Polymer-modified asphalt termination mastic. Cartridges and pails.	CCW-704 Polybitume
Solvent-based, EPDM	Lap and termination sealant for EPDM flashings, cartridges.	SURE-SEAL Lap Sealant
Solvent-based synthetic rubber	Synthetic rubber termination mastic. Cartridges and pails.	LM 800 XL LM 800 XL WG
Waterborne Synthetic polymer	Synthetic rubber termination mastic in pails.	Greenbond WB
Acrylic caulking	Water-borne acrylic caulk in cartridges and pails.	Henry 289
Solvent-based, exposed detail caulking	Thermoplastic polymer in cartridges. Several designer colors.	Kop-R-Lastic (Canada)
Solvent-based, clear caulk and mastic	Thermoplastic polymer in cartridges.	Henry #212
Foam insulation adhesive	Solvent-based, trowel or caulk gun applied. Pails and cartridges.	Henry 230-21 (Canada)

All products in this table will be offered by Henry under the company's standard terms and conditions. Barribond and Barribond XL have been discontinued. These Carlisle roofing sealants will no longer be offered through Henry: Universal Single Ply Sealant, Water Cutoff Mastic.
